SUMMARY

I am eager to learn and grow as a frontend developer. I have taken online courses and tutorials to expand my knowledge, and I am excited to apply my skills and contribute to a team in a professional setting. I am a quick learner and a dedicated problem-solver, and I am confident that I would make a valuable addition to any frontend development team.

EXPERIENCE

Web Developer
Simplbyte   📅03/2023 – 04/ 2023

During my internship at Simplbyte, I gained valuable experience in web development and design. I completed four projects during my internship:

PORTFOLIO
https://anil-port-folio.vercel.app
- This is my personal portfolio where i have given all the informations about me and the projects.

QUIZ-APP
https://simbt-04-quiz-app.vercel.app/
- Tech stack - HTML, CSS, Javascript

WEATHER-APP
https://simbt-03-weather-app.vercel.app/
- Tech stack - React, Tailwind, WeatherAPI, npm

TODOS-LIST
https://simbt-02-todos-list.vercel.app/
- Tech stack - React, CSS, JSX, npm

PROJETCS

YOUTUBE CLONE
https://youtube-clone-anilkrrana.vercel.app
- Tech stack - React, Tailwind, Rapid-API, npm
- Implemented Rapid YouTube's API in ReactJS to fetch video data and metadata, providing a seamless user experience.
- Gained a deeper understanding of advanced JavaScript concepts, such as callbacks, promises, and async/await, which were crucial in working with APIs.
- Leveraged Tailwind CSS to create a visually appealing and responsive UI for the YouTube clone, making it accessible on various devices and screen sizes.

TOUR TRAVEL WEBSITE PAGE
https://codesandbox.io/s/github/anilkrrana/React-Tour-Travel-Website
- Tech stack - React, CSS, CodeSandbox,
- Created a tour travel website using ReactJS.
- Utilized React Icons, CSS, components, and Routes to develop a dynamic and engaging user experience.
- Gained proficiency in ReactJS and CSS while building the project.

EDUCATION

Technocrats Institute of Technology, Bhopal
(Bachelor in Computer Science & Engineering)
RGPV UNIVERSITY   📅2020 - 2024   📍BHOPAL, MP

SKILLS

React   Javascript   Redux   HTML5   CSS3

Tailwind CSS   Material UI   RestAPI   C++

DSA   UI Development   DBMS   GIT

Git-hub

ACHIEVMENT

Github 🔗   Oct 2022-Present

Total 800+ Commits on Github. Great experience and learning alot about working with Github and open source. Connecting with developers.

LeetCode   Nov 2022-Present
https://leetcode.com/imanil474/

Solved 200+ Data Structure and Algorithm Problems using C++ and Javascript.

TRAINING AND CERTIFICATES

Frontend Web Development With React 🔗
Coursera

Javascript Algorithm & Data-Structure 🔗
FreeCodecamp

HTML & CSS 🔗
Code studio
